

P.O. Box 15512  
Pittsburgh, PA 15244

The Pittsburgh & Lake Erie Historical Society proudly announces the fifth "Project Car" for model railroaders. Based upon multiple requests to reproduce coal hoppers, this HO scale run will be of the 70-ton triple hoppers built for the P&LE by the Greenville Steel Car Co. in 1948. These cars were numbered in the 3000-3999 range and many remained in service until 1970. The P&LE H.S. offering represents cars that were rebuilt and repainted at McKees Rocks in 1962.

Four different road numbers will be produced by Accurail with appropriate graphics approved by the P&LE Historical Society. Expected delivery is November of 2013 with Pre-Orders being accepted now!

**Proceeds will be used to preserve the history of the Pittsburgh & Lake Erie Railroad.**

Price: \$17.98 for one car, \$16.98 for two or more. Shipping via USPS Priority Mail: \$8.00.
